

February 20 – 22, 2015: LIFE!

In honor of Darwin Day (Feb. 12) we bring you a special weekend devoted to life on Earth and – elsewhere?

Natural Selection

Fri & Sat, 6:30 pm; Sun., 1:30 pm:

Join Darwin on his voyage with the Beagle to the Galapagos Islands. With a selection of short films about astro-

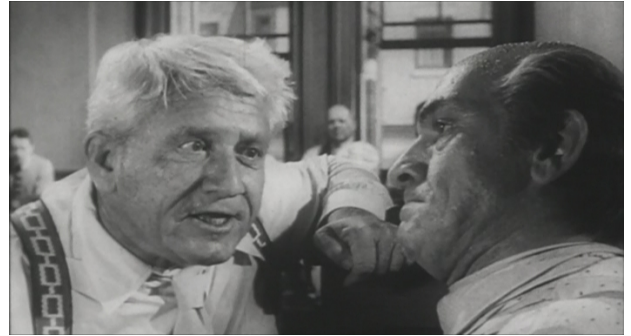

biology Fri., and about Darwin on Sun. **Planetarium premiere!** 49 min.

“Evolution in Everyday Life”

Fri., 7:30 pm: Did you know that we share big chunks of our DNA with fish, flies, and plants? Come to this talk by world famous evolutionary biologist David Mindell, to find out how all creatures on Earth are related! One hour with Q&A.

Inherit the Wind: Sat., 7:30

Based on a 1925 trial, two famous lawyers debate the case of a science teacher accused of the crime of teaching evolution (1960, 128 min.).

Sun., 3pm: NASA astrobology shorts + **Cell, Cell, Cell**, the story of the trillions of cells that form our bodies. 45 min program.

Admission for all programs is \$3 for Children (up to age 12), \$5 for Friends, Members, and Seniors (60+), and \$7 for teens and adults.

For tickets and more information, go to <http://friendsoftheplanetarium.org>.
